Dear Mr. Williams,

I am a seven year resident of Montgomery County and in writing object to the building of the Inter County Connector Highway. I ask you to think about and act for the future generations who will depend upon a more natural and undeveloped world than the one we are creating. Another road over there stone, a faster way home will not make a better more suburban future for our children. An earth to which with simplicity and gentleness will be a good lesson for us all to learn.

Environmental destruction is universally
~~too~~ ~~and~~ ~~spoils~~ disfavoured and I ask you
to do what you can to save what natural
beauty of the area is left. Please take
the high road and act on behalf of the
people and the earth instead of no money.

Thank you.
