Parker Williams  
STATE High Admin  
707 N. Calvert St  
Baltimore MD

Dear Mr Parker,

I am most strongly AGAINST the proposed ICC.  
Please enter this letter into the formal record of  
the Draft Environmental Impact Study. I have  
lived in Montgomery County for over 10 years and feel  
strongly that other alternatives should be sought  
to ease congestion & further economic prosperity.

This road would cause great damage to nearby  
NECOWOOD PARK AND its watershed. This would not help  
the bay & its <sup>economic</sup> SURVIVAL. A DEAD BAY WILL CAUSE economic losses  
far greater than my REVENUES predicted for the ICC.

This road will cost over \$1 billion. My tax dollars can  
be much better spent on seeking alternatives to this  
road.

Sincerely,

Celeste London
