Mr. Parker F. Williams
Administrator
MSHA
707 North Calvert St.
Baltimore, MD 21202

Dear Mr. Williams:

I am writing to you because I strenuously oppose the construction of the Inter-County Connector (ICC).

This proposed road is a monstrosity. It would do a great deal to ruin the parks, streams, and wetlands in my neighborhood. The Aspen Hill/Glenmont section of Montgomery County, where I live is a very pleasant area. The ICC would effectively ruin this area permanently. I urge you to improve mass transit, expand existing roads, and make other improvements. DO NOT BUILD THE ICC.

Please tell our distinguished governor that the state has no money for this monstrosity. Since he has given away tens of millions of dollars to millionaire Art Modell to build a stadium in Baltimore, we have no funds left for this ICC monstrosity.

Thank you for taking the time to read my letter.

Sincerely,

STATE HIGHWAY ADMIN.
