Dear Mr. Williams,

The purpose of this letter is

Clearly state our total opposition to the
Intercounty Connector. We hope that the
Connector will fade in the same way
the "Mega-Mall" of Silver Spring died.

We oppose the ~~ICC~~ because we
believe that the time has come to
put an end to the continual urban
Sprawl that we have been creating.

People move out to the country to "get away from the city" and in effect end up changing the landscape into the place they hated and left for!

We oppose the ICC because it will have a severe environmental impact as well as change the neighborhoods. Instead of the ICC we as a community should focus on other means of transportation, trains, buses carpooling. Stand up for our future and please stop the ICC!

Sincerely, Joann + William Tell
