Dear Mr. Williams:

We strongly oppose the proposed Inter County Connector. Please enter this letter into the formal record of the Draft Environmental Impact Study. We have lived in Montgomery County for 17 years and this matter is of grave concern to us and our community. The ICC would promote sprawl and hasten environmental damage. It would foster overdevelopment of a region that is already developed enough. All proposed alignments would damage many of the region's ~~the~~ environmentally sensitive stream valleys. We support a non-highway alternative. We oppose the ICC and we urge.

Philip H. Debenham
