Ms. Kaitlin Harris
U.S.A Corps of Engineers
CENAB-OP-RX
P.O. Box 1715
Baltimore, Md. 21203

Dear Ms. Harris,

I'm writing to voice a protest to the InterCounty Connection in Md. coming within blocks of my home.

The northern Alternative will dump traffic onto Rt 198 in West Laurel & will cause major congestion. Secondly, it will have a bad impact on our environment in the form of air pollution and noise. We'll be subjected to the high cost of road repairs and providing facilities for these travelers.

I think it would be better to keep this road closed to Beltsville, Md., if necessary at all, than in our quiet West Laurel Community.

Yours,
Juanita Dr. Sorkman
