Dear Mr. Williams:

I am opposed to the Master Plan Alignment for the proposed Intercounty Connector/I-370. This path would increase the noise levels in my community, impact the environment by cutting through Paint Branch wetlands, and possibly even take back recreational property from the Drew Elementary School in our neighborhood.

Please do whatever it takes to find an alternative that uses existing roads and preserve what is left of the beauty in Montgomery County. The Master Plan Alignment will negatively impact the quality of life in our community for the rest of our lives. There has got to be a better solution!!!

Sincerely,

Kevin P. O'Tool
