Parker Williams, Administrator
State Highway Administration

Dear Mrs. Williams

I STRONGLY oppose the proposed Inter County Connector Highway. Please enter this letter into the formal record of the Draft Environmental Study. I am a resident of Baltimore as well as working in Prince Georges County @ the University of Maryland, College Park. I also live in Prince Georges County during certain periods in the year. The ICC would NOT relieve congestion. It would destroy certain park areas of Rock Creek park that I visit FREQUENTLY. I detest Urban Sprawl!

Please consider SMART Growth. We the voting residence of this State DO NOT want the ICC. Get your priorities straight.

I oppose the ICC and I vote,

Rhonda Ann Ford
